

18. *Rechnung des H. J. 1711*

Handwritten text in German, likely a ledger or account book. The text is written in a cursive script and is mostly illegible due to fading and bleed-through from the reverse side. It appears to be a record of transactions or a list of items, with some words like 'Rechnung' (account) and 'Jahr' (year) visible. The page is numbered 18 in the top left corner.
